

The students do not need to complete any previous course. I am able to adjust my "corrections" to their individual level and apart from my tutoring, they will learn from each other in the group environment. On the last day students will learn how to prepare their sculpture to be fired. Contacts for firing will be given and the students will have to organize firing themselves. Enjoy.

Students are required to provide:

List of Materials:

1. armature, basic wooden construction / picture 1/
2. styrofoam ball, tennis size / picture 2/
3. cloth, old towel for wrapping sculpture
4. plastic bag for wrapping
5. sticky tape, spatulas, knives, scissors
6. spray bottle
7. clay / picture 3/
8. mirror, size A3
9. own drawings, sketches, preferably figurative
